

February 2022

Sign Language/Spanish

Newsletter

Weeks of February 7th and 14th **Spanish: Marine Animals**

- octopus–pulpo
- shark--tiburón
- fish--pez
- jellyfish–medusa
- whale–bellena
- dolphin–delfín
- crab–cangrejo
- lobster–langosta
- turtle–tortuga
- manatí–manatí
- penguin–pingüino

The children will learn the words for marine animals in Spanish. They will bounce the animals on the parachute, play Pictionary and play hide and seek with the animals.

Weeks of February 21st and 28th **Sign Language: Vegetables**

- broccoli
- carrot
- corn
- lettuce
- potato
- spinach
- onion

- mushroom
- bean
- pepper

During these two weeks, the children will learn the signs for different vegetables. We will also be learning to sign some new songs in Sign Language: "Save Some Trees" and "Puff the Magic Dragon." Both are songs we often sing here and I am hoping that learning the signs will help the children remember the words and vice versa.

Next month we will be starting our unit on Mexico!
